RE:	Restaurant Restriction Updates

Dear Tenant,

We have encouraging news to share in accordance with newly announced guidance from New York State.

All restaurants, which have been operating at 50% indoor capacity, can increase to 75% capacity **beginning Friday, March 19.**

Please note that you are still required to follow all New York State mandates within your space, including social distancing and wearing of masks by employees and customers, which can be found online in detail here: <https://forward.ny.gov/>

As a reminder, I also wanted to remind you that our "[Healthy Shopper Guidelines](#)" still apply to everyone entering our properties (employees, guests and tenants).

Thank you.
